

SAYAN JANA

DATA SCIENCE
WEB DESIGNER | GRAPHIC DESIGNER

PROFILE

I am a detail-oriented analyst seeking to transition into data science, with 3+ years of web and graphic design experience. My design background has helped me in creative problem-solving, visual communication, and collaboration skills. I have interest in R, Python, and data visualization, along with hands-on experience in exploratory analysis, and predictive modeling. I am passionate about extracting insights to help strategic decisions and bring a strong background in continuous learning and solution-focused thinking to data-driven initiatives.

EXPERIENCE

WEB DESIGNER

The Business Research Company | Oct, 2022 - Sept, 2023

I was responsible for designing visually appealing, user-friendly, and responsive websites that aligned with the company's goals and branding by utilizing HTML, CSS, Bootstrap, and JavaScript. Additionally, I focused on optimizing website speed by employing tools such as Google Analytics and GTmetrix to enhance performance and overall speed.

GRAPHICS DESIGNER

Alteus Biogenics Pvt. Ltd. | Nov, 2020 - May, 2022

I was responsible for creating diverse design materials, such as business cards, folders, banners, pamphlets, social media posts, etc.

PROJECTS

Sample Website Designs :

-  These website designs are crafted with HTML, CSS, and JS, along with the Bootstrap framework, ensuring complete responsiveness and compatibility across all devices.
-  They represent various types of companies, featuring user-friendly interfaces and seamless navigation.
-  The websites are accessible by clicking on the respective logo.
