

SAYAN JANA

DATA ANALYST | BUSINESS ANALYST

PROFILE SUMMARY

I am a detail-oriented analyst seeking to transition into the field of data science, with 2+ years of web and graphic design experience. My design background has helped me in creative problem-solving, visual communication, and collaboration skills. I have interest in Excel, R, and Python, along with hands-on experience in exploratory analysis, data visualization, and predictive modeling. I am passionate about extracting insights to help in making strategic decisions and bring a strong background in continuous learning and solution-focused thinking to data-driven initiatives.
